Description

The MaxiLED Lighting Globe Series provides exceptionally long strands of globe-lensed LEDs that effectively outline trees, landscaping, buildings and bridges with colour-changing lighting effects. The product family also includes excellent LED 2-wire technology options for retro-fitting static installations. Each strand is built for permanent installations with rugged, injection-molded outer globes, heavy gauge wiring, and dependable CREE LEDs. MaxiLED Globe series is available in 2 sizes, Large (64mm) and Small (34mm) globe.
